Who I am

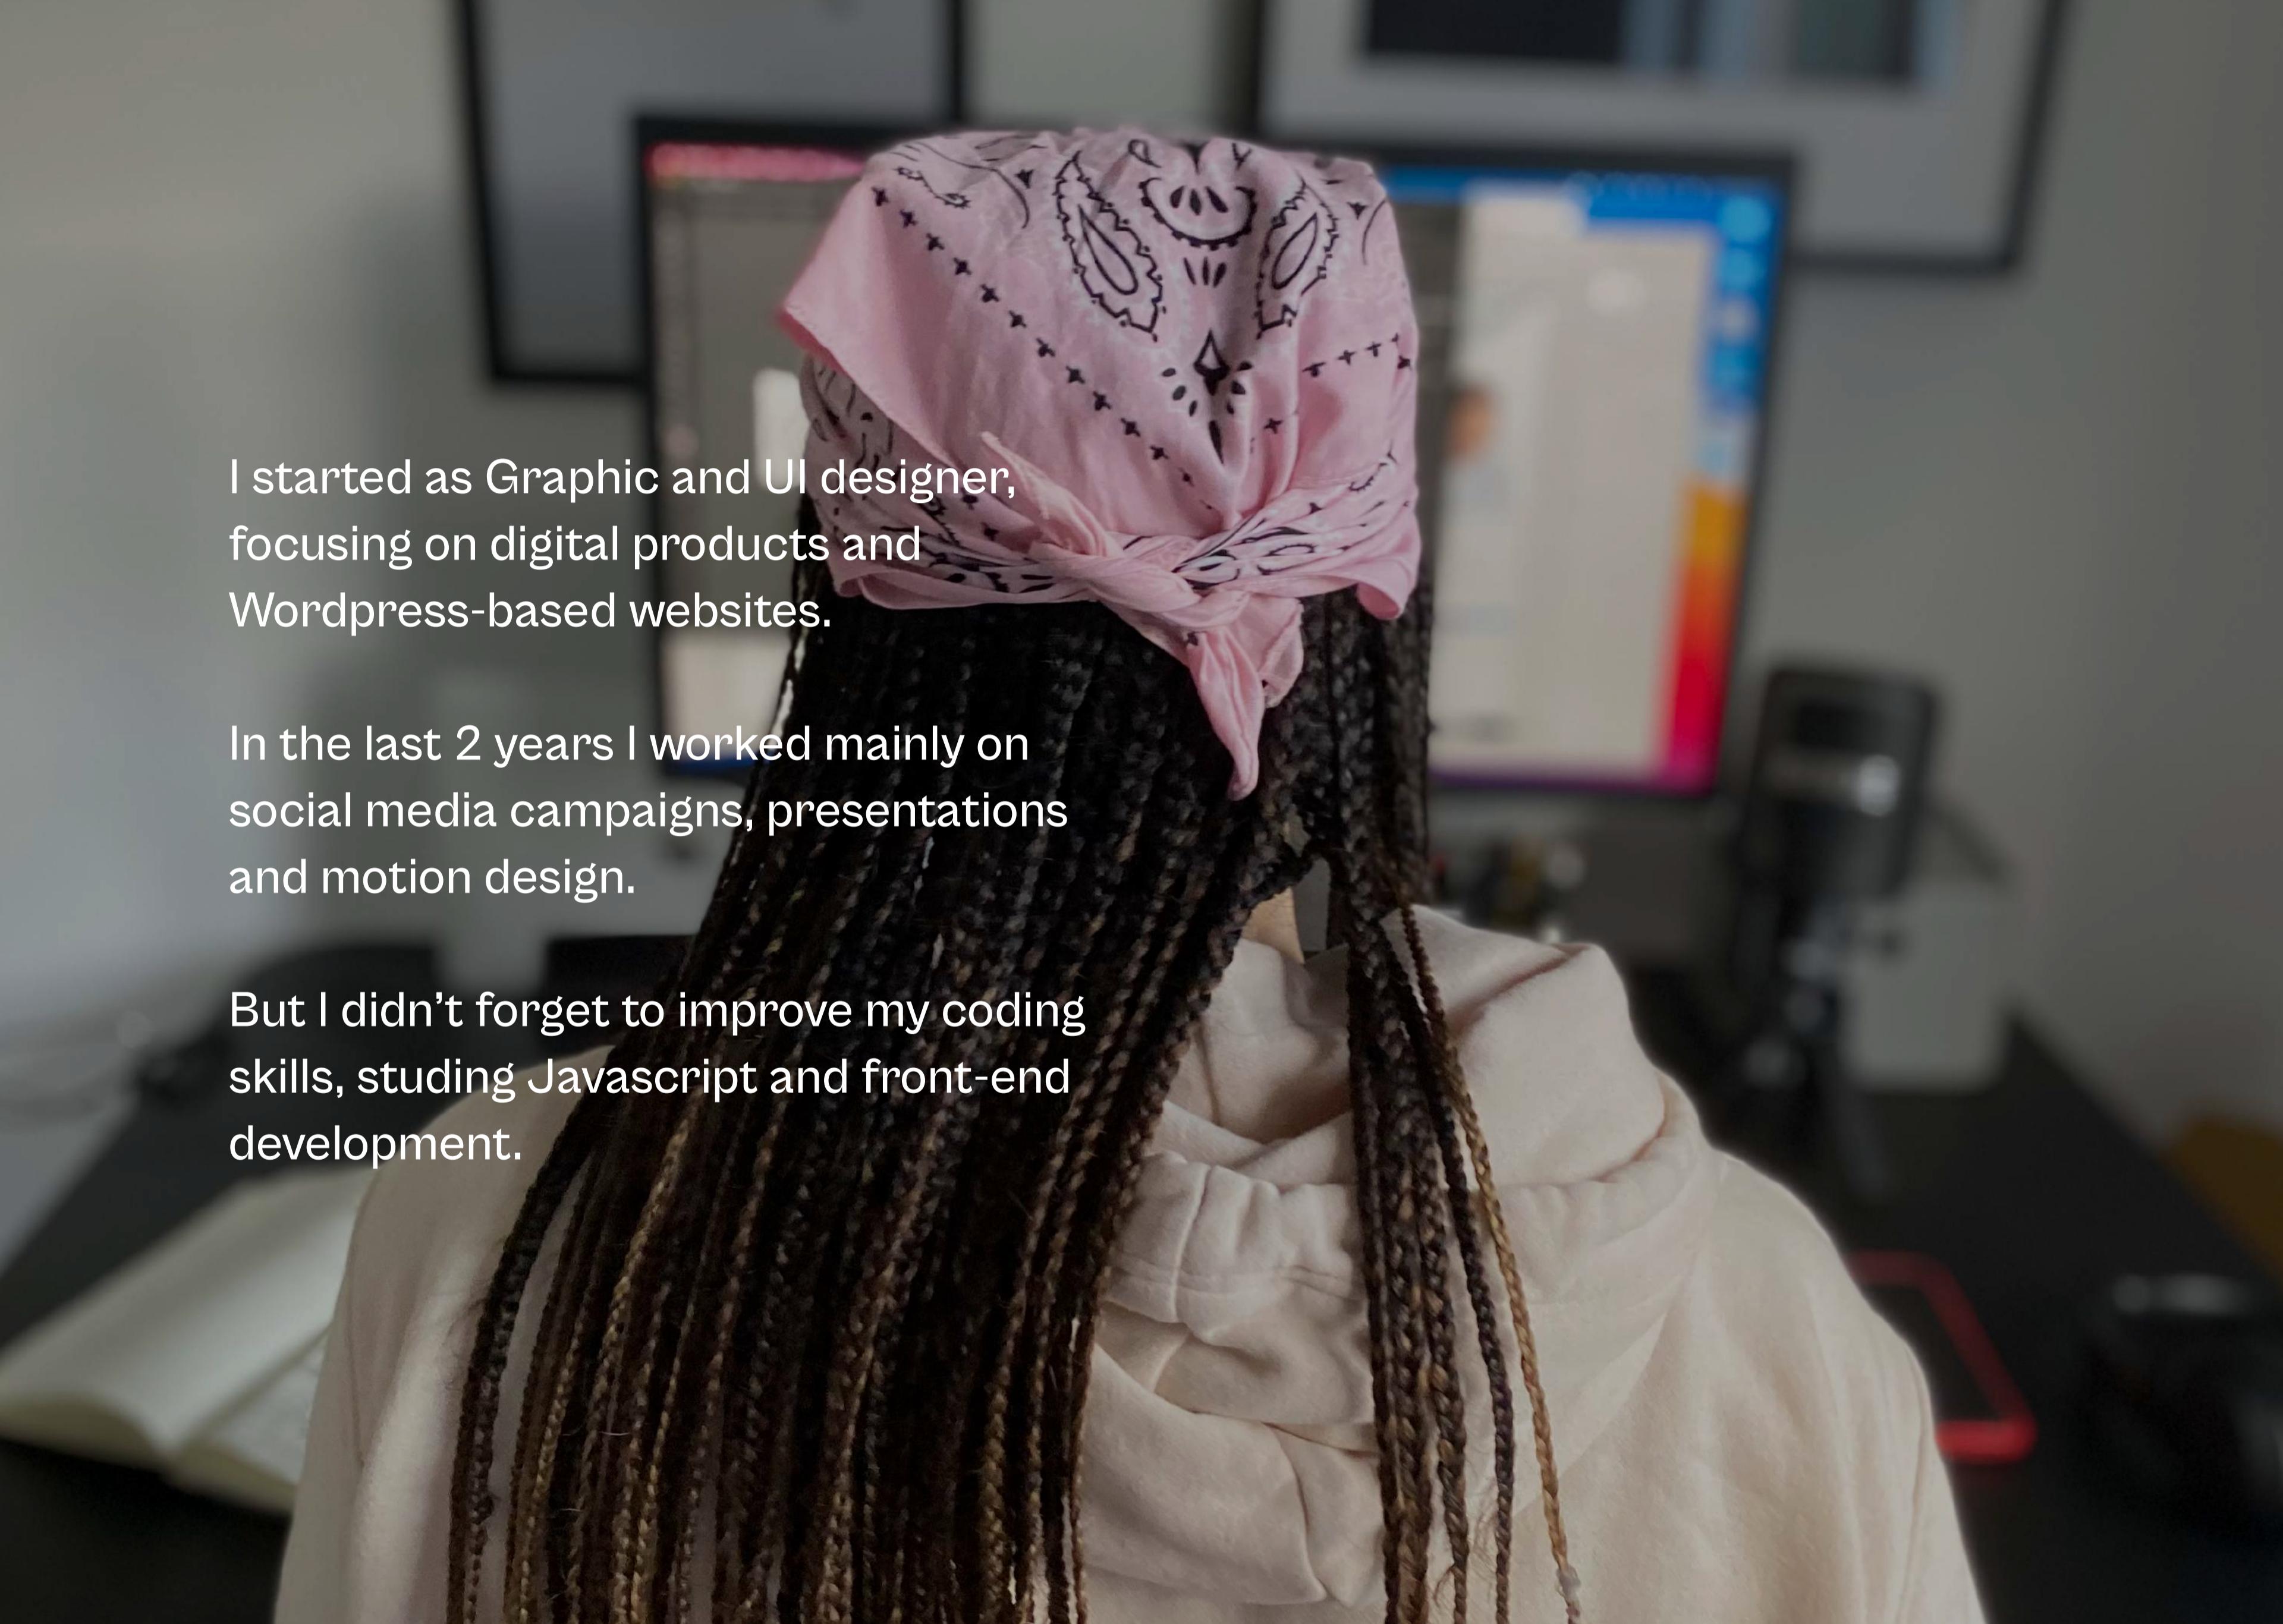

Hi! I'm Carmela, a **visual designer** that love to collaborate with nice people with different skills and backgrounds to learn everyday something new.

I consider myself an **optimistic** and generous person and being a Red Cross volunteer for many years taught me how to deal with problems and emergencies. I currently living in Stockholm, Sweden but always planning my next travel.

Strengths

A photograph of a person from the side, facing right. They have long, dark, braided hair. A pink bandana with a black paisley pattern is tied around their head. They are wearing a light-colored, possibly white, hoodie. In the background, there is a computer monitor displaying a colorful interface with blue, red, and yellow elements.

I started as Graphic and UI designer,
focusing on digital products and
Wordpress-based websites.

In the last 2 years I worked mainly on
social media campaigns, presentations
and motion design.

But I didn't forget to improve my coding
skills, studying Javascript and front-end
development.
